Welcome to www.motofoto.com.au - an Australian site dedicated to the appreciation of the automobile and its many facets. Initially we will be focussing on motorsport as we develop the site....
vive l'motor sport!! Our current focus is on the V8 Supercars (and its aligned Fujitsu V8 Supercar Development Series) and speedway racing, particularly the Late Models class of dirt based daredevils. In following these classes www.motofoto.com.au has developed relationships with two major talents from Sydney's North Shore - The Fujitsu Series Driver and incredibly fast young talent Chris Alajajian and the Late Model driver and super sedan and motor cycle legend Barry "the flying pom" Kelleher. While the current www.motofoto.com.au has an active interest in these two talents we will be pleased to hear from others that have an interest in other personalities and may like to identify them with ongoing coverage on this site. Where to Over the next couple of months - partly in preparation for next years season and as this years season develops - there will be a number of fundamental and exciting changes that will broaden the focus of this site from cars at speed. They are changes that will help define and describe everything we like about our fourwheeled friends - power, sound, smell, sensations of speed and automotive control, mechanical excellence and the sense of pride and ownership lovers of cars share no matter their breed of pet. The emotions attaching to cars, their bruteness or subtlety, their character and foibles, the freedom and the cost are emotions shared by man and women alike - it is not determined by age, religion, sex or sexual orientation, by race or by any other possible differentiating characteristics - even politicians have been known to share an enthusiasm with this most ubiquitous part of society - art forms on wheels, culture with gas, powered by petrol and driven with care. Welcome to MotoFoto - we want this to be your site, please email us at newideas@motofoto.com.au if there are somethings you would like to see on this site. In the meantime please enjoy the photos on the site. Again this side is still being developed so your views are welcome. Feel free to email us at admin@motofoto.com.au For now peruse with pleasure [Jim Herseyjhersey@motofoto.com.au](mailto:Jim_Hersey@motofoto.com.au)
